

**NATIONAL PARK SERVICE
GLEN CANYON NATIONAL RECREATION AREA
APPLICATION FOR RIGHT-OF-WAY PERMIT**

In response to your initial inquiry concerning a right-of-way/easement at Glen Canyon National Recreation Area, we are enclosing a permit application form for you to complete and return to us. It is important that the application be as detailed as possible concerning your proposed activity. The National Park Service staff will use the information on the application to evaluate the impact of your activity on park resources and our visitors. It may require several weeks to review your request and render a decision.

All applicants must submit a \$100 non-refundable application fee with the application, whether or not a permit is issued. If your request is approved, additional charges will be required to cover personnel time for completing the permit process. Additionally, land and/or facility use fees may apply.

Acceptable forms of payment include company check, certified or cashier's check, money order, cash or credit card (Visa, Mastercard, Discover, American Express, and Diner's Club). Checks should be made payable to the National Park Service.

If your request is approved, a certificate of insurance will be required showing you have general liability coverage in a minimum amount of \$1,000,000 (U.S. currency). The certificate must be written by a U.S. company and must name the United States Government as an additional insured. We will need an original copy of this certificate for our files.

Please submit the application and the \$100 application fee to the Permits Coordinator at the address below.
